DEAR DON:

Subject: Immigration

25X1A9a

I regret the delay in replying to your letter of 2 January to [REDACTED] on the subject of immigration.

25X1A6a

We concur in general with the propositions you set forth and where individuals wish to return to the [REDACTED] and preserve their subsequent time there as residence time we will consider changing the point of hire to [REDACTED] or in exceptional cases to [REDACTED]. Each case should be referred to Headquarters with your recommendation.

In the immediate case of [REDACTED] all assistance should be given to enable him to acquire his re-entry permit and make application to preserve residence for naturalization purposes. However contrary to information previously furnished to you the [REDACTED] must handle this direct with the Immigration Service at [REDACTED] Headquarters can assist only when the individual actually comes to the Mainland. Therefore the [REDACTED] should proceed as it did in the case of [REDACTED] and provide all appropriate and necessary documentation attesting to his U.S. Government employment with the [REDACTED]
